

Press Release

11th December 2019

BP Connect Clifton re-opens with wider retail offering and improved access

Hauraki's BP Connect Clifton re-opened its doors at 6am this morning offering customers BP's full range of fuel choices, Good Mood Food, a new carwash as well as 10 on-site car parks.

The expanded retail site now offers customers four choices of fuel – BP Unleaded 91, BP Premium 95, BP Ultimate 98 and BP Ultimate Diesel.

As well as a retail convenience shop and Wild Bean Cafe, BP is making its Good Mood Food offer of Krispy Kreme doughnuts, Häagen-Dazs ice cream and Wishbone ready meals available for Hauraki locals.

BP New Zealand General Manager of Retail and Assets Adrian McClellan says, "We are delighted to re-open BP Connect Clifton on a larger site with better access and the addition of 10 customer car parks.

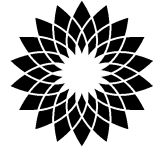

"We work hard to give our customers as many reasons as possible to choose BP and expect our Good Mood Food offer and new carwash to be popular."

BP Connect stores use energy efficient LED lighting, utilise recycled heat from refrigeration systems for water heating and collect re-useable rainwater from the rooftop.

Wild Bean Cafe is the number one retailer of barista-made coffee in New Zealand and has been serving Fairtrade Certified coffee since 2008.

There are 107 BP Connect sites nationwide and a further 104 BP dealer sites located around New Zealand.
