

Beacon Wind

Meet the Team

Will Shoup

Will Shoup joined the bp team in May to serve as the Fisheries Liaison Officer (FLO).

Will graduated from the University of South Carolina with an undergraduate degree in marine science before completing his graduate degree at the Virginia Institute of Marine Science. He began his career in offshore wind with the Responsible Offshore Science Alliance (ROSA), and currently works as the marine policy specialist for Sea Risk Solutions.

Joe Jackson

Joseph joined the bp US offshore wind team in May 2023 as the Stakeholder Commitments Manager. In this role, he is responsible for managing stakeholder engagement activities, community benefit agreements, and the associated commitments across the US offshore wind portfolio. Before transitioning to the offshore wind team, Joseph held several roles in energy operations and compliance management, including Regional Compliance Manager and Regulatory Commitments Manager for the Gulf of Mexico. Joseph holds a business degree from DePaul University and a master's certification in project management from Villanova University.

Sid Holbrook

Sid Holbrook has joined the bp offshore wind team as a Fisheries Industry Representative (FIR).

Formerly a member of the Connecticut General Assembly and New England Fishery Management Council, Sid has worked for the Southern New England Fisherman and Lobstermen's association, where he is now an honorary member, and the Connecticut Lobstermen's association. Sid's decades of fisheries experience are invaluable to the bp offshore wind team.
